Definition of Non-GAAP Financial Measures

The Company uses non-GAAP measures, including EBITDA (earnings before interest, taxes, depreciation and amortization) and Adjusted EBITDA, as key performance measures of the results of the operations for purposes of evaluating performance internally. We believe that the use of Adjusted EBITDA as a key performance measure of results of operations enables management and investors to evaluate and compare from period to period our operating performance in a meaningful and consistent manner. Our chief operating decision maker utilizes Adjusted EBITDA to evaluate segment performance, develop strategy and allocate resources. Adjusted EBITDA is a supplemental measure of our performance that is not required by, or presented in accordance with, GAAP. Adjusted EBITDA should not be considered as an alternative to, or more meaningful than, net income or operating income (as determined in accordance with GAAP) as a measure of our operating results, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure provided in accordance with GAAP. Our calculation of Adjusted EBITDA may be different from the calculation used by other companies and, therefore, comparability may be limited.

Adjusted EBITDA is defined as earnings before interest, taxes, depreciation and amortization, adjusted for the following:

Adjusted EBITDA includes our portion of the EBITDA from our equity investments.

Adjusted EBITDA excludes:

- Transaction expense, net which includes:
 - Acquisition and disposition related charges, including fair value adjustments related to earnouts and deferred payments
 - Calder Racing exit costs; and
 - Other transaction expense, including legal, accounting and other deal-related expense;
- Stock-based compensation expense;
- Midwest Gaming's impact on our investments in unconsolidated affiliates from:
 - The impact of changes in fair value of interest rate swaps; and
 - Recapitalization and transaction costs;
- Asset impairments;
- Gain on Ocean Downs/Saratoga Transaction;
- Loss on extinguishment of debt;
- Pre-opening expense; and
- Other charges, recoveries and expenses
